According to 2011 Census of India, the total population of Mizoram was 10,97,206 and the number of illiterates was 80,500 (31,249 male and 49,251 female) with the literacy percentage for 91.33%. After the National Census 2011, many efforts had been given to combat illiteracy. A number of Neo-literates had been produced every year. Departmental Survey for literacy had been conducted during 2014-15 and found that there were 43,341 illiterates (14,471 male illiterates and 28,870 female illiterates) in Mizoram and literacy rate came to be 95.34%.

However, it is not only admitted the progress has been far from satisfactory for implementation of total literacy in Mizoram, but it is also learnt that literacy campaign is badly in need as urgent tasks. And it has been experienced that the Adult learners who are neo-literates as well as drop-outs are always willing to continue their learning in some specific ways. So, it is felt necessary to establish Adult Education Centers for systematic post-literacy and follow up programmes to create learning society and to promote human resources development and thereby developing occupational skills to generate and enhance the incomes of the targeted group and concerned beneficiaries

It is not only admitted the progress has been far from satisfactory for implementation of total literacy in Mizoram, but it is also learnt that literacy campaign as mopping programme for the so-called **Special Literacy Drive (SLD)** is badly in need as urgent tasks and implemented the same during 2022-2023 by covering Kolasib District where there are still 2609 (Male 1015 and Female 1594) illiterates as per Departmental data. The above scheme was implemented under fund received from the State normal budget having a target of 650 illiterates.

Maximum targeted learners were 650 illiterates whereas identified actual possible learners from scrutinizing the survey were only 172 illiterates from 10 villages due to death, old age and change of residence/migration, etc. Necessary technical supports had been done from Directorate of School Education to the concerned

District level officials and village level Voluntary Instructors. Fund for necessary Teaching Learning Materials (TLM) funded by Directorate of School Education had also been transferred to account of the District Education Officer, Kolasib District.

The primary objective of the scheme is to improve the nutritional status of children studying in preparatory classes or Balvatika to class VIII in eligible schools. Mizoram implements the Scheme from 15<sup>th</sup> August 1995 by distributing raw rice to students. However, Supreme Court of India in its Writ petition © No.197 of 2001 (PUCL vs OUI or ORS) directed all the States of India to provide cooked Mid-Day Meal not later than 1<sup>st</sup> September 2004, hence the State started providing Mid-Day Meal to students of Primary Schools from 15<sup>th</sup> February 2006. From 1<sup>st</sup> August 2009, Mid-Day Meal was provided in Govt. Middle Schools and SSA assisted schools. Class VIII became a part of Middle Schools from the academic session 2011-2012, henceforth Class VIII students also became the beneficiaries.
