PREFACE

Data illuminates the path of progress. The Statistics of School Education 2025-26 reflects our commitment to evidence-based planning and transparent governance in Mizoram's school education sector.

Prepared by the Planning and Project Cell, Directorate of School Education, this compilation draws primarily from the UDISE+ platform, supplemented by administrative records from districts and schools. It captures key indicators — enrollment, retention, infrastructure, teacher strength, and learning outcomes — that mirror the reach of our classrooms across the hills and valleys of the state.

As we advance towards the goals of NEP 2020 and Viksit Bharat@2047, reliable data remains our strongest foundation for policy and action. We gratefully acknowledge the dedication of all field functionaries, schools, and DEOs whose timely reporting made this report possible.

May this document guide stakeholders in celebrating progress and addressing gaps, ensuring quality education for every child in Mizoram.

MESSAGE

I am happy to present the Statistics of School Education 2025-26, compiled by the Planning and Project Cell using UDISE+ data.

This report reflects Mizoram's educational journey — our progress in enrollment, equity, and infrastructure, and the challenges we continue to address. Each statistic represents a child's hope and a teacher's dedication.

In line with NEP 2020, reliable data guides our path to quality education for all. I appreciate the sincere efforts of all schools and officials in timely reporting. May this document inspire informed action for a brighter educational future in Mizoram.
